

Hello..... Firstly let me tell something, I lost the front cover and here enjoy the rest in black and white. This is my first time doing a scanlation by myself, alone, forever alone. However, I am taking part as a scanner for this one scanlation group. But let me introduce myself as an anonymous. Because this is my first time, I don't want you guys to bash me! :p (Are you guys really reading this? Well, I hope so.) One more thing I wanna tell you guys that I don't even own the japanese raws of this manga. This was in another language and has been translated into English. (But I can read japanese.) So never ever claim it yours! Right now I'm still shy, maybe for the next chapters I will disguise myself. Hiphip....

PRECIOUS TO ME. HOPEFULLY

Grand High School

My brother used to bring Grand High School Kendo-Club to become a champion in no many competitions. That time I was too young to realize how difficult it was.
